

# Make a Difference Volunteer Form

Volunteers working with and for payroll and accounts payable professionals are what make everything happen at the American Payroll Association. We are always **looking for members who want to get involved** in their association and **apply their knowledge and skills** in new, exciting ways. The rewards of working on behalf of your profession and colleagues are countless! **A great place to start** is the **Hotline Referral Service**. This is one of the Association's most valuable membership benefits and will give you the opportunity to get in touch with fellow members while at the same time honing your professional knowledge.

## Please check your choice(s):
