

Ronald Gilson is the Human Resource and Payroll Product Owner at Caselle Inc. At Caselle Ronn focuses on keeping payroll compliant and current for customers across the United States.

Ronn has 25+ years of experience managing and working with accounting and software development. Ronn knows the complexities of accounting, auditing, business management, human resources, and payroll. He is passionate about sharing what he has learned with others in his community and throughout the payroll profession.

As the payroll and human resource expert at Caselle, Ronn is familiar with the different nuances of dealing with government union contracts, state retirement systems and all federal and state tax filing and reporting.

A Certified Payroll Professional since 2008, Ronn has served both locally and nationally to promote the education and recognition of payroll and payroll professionals. In 2013 Ronn was recognized by the American Payroll Association with a Meritorious Service award and in 2016 was named Payroll Man of the Year.

Ronn has an Associate's degree from the College of Eastern Utah, where he competed nationally in speech and debate. He completed his Bachelors degree at Brigham Young University where he studied business, psychology, and communication.
